Each current member of the WSAC may have their own page on the WSAC website. For example, www.wsacny.org/yourname/ entered in an internet browser would lead to your page. This page can include an artist statement, as well as up to 6 images of your work (poems can also be included). Visitors to the WSAC site will also be able to search for artists by the type of work they do, so we ask you to check off categories to the left. Many of you may fall into more than one category, so please check off all that apply.

Information to be included on your web page on the WSAC website (please print)
